

Snow Plow Bid Specifications For Fife Lake Township

134 Morgan Street, Fife Lake, MI

231-879-3963

1. Lot needs to be plowed when there are 4 inches of snow or more. Bid must reflect a per-plow dollar amount. Ambulance and fire bays must be shoveled and cleared.
2. Plowed area around the Township Hall, Fire Barn and Ambulance Bay must be Cleaned by 8:00 a.m. seven days a week because of emergency equipment access. The emergency service bay access may need to be hand-shoveled at times.
3. While this bid does not specify maximum accumulation, it does include payment per plowing for the days when there are multiple events of 4 inches or more of snow, or should the Township call for slush or ice removal.
4. Bid must include the amount to be charged for application of salt/sand provided by the bidder.
5. Each bidder must include a copy of their liability insurance coverage with their bid documents, listing the Fife Lake Township as additionally insured.
6. Each bidder must have and/or provide an alternate source of snow removal in the event of equipment failure. State in the bid document what alternative(s) you have.
7. Failure to meet #6 above will allow the Township to seek another snow removal provider, at their discretion, to have the plowing completed in a timely manner.
8. Inspection of the area to be plowed and locations for accumulated snow may be viewed at 134 Morgan Street, Fife Lake or questions may be answered by calling the office at the number listed at the top of this page.
9. Please include the price for accumulated snow removal, please state such ability in your bid statement. Also include your plan for removal.
10. All bids for consideration must be SEALED and submitted in writing to: Leigh Gifford, Fife Lake Township Clerk, P.O. Box 8, Fife Lake, MI 49633. Or place in drop box at the Township Hall, 134 Morgan Street, Fife Lake, Mi. Any questions please call 231-879-3963 or Fax 231-879-3146.
11. Fife Lake Township is not responsible for delivery of bids by the due date. It is the bidders responsibility to ensure a timely response.
